

4-H Project Achievement

Project Achievement is a cornerstone of Georgia 4-H that provides youth between 4th and 12th grades structured opportunities to research and explore a wide variety of interests. From classroom participation in home counties, to district and state levels of competition, Project Achievement touches the lives of more than 85,000 club members annually. Each of these areas of interest is called a "project" and requires certain levels of funding to be offered each year.

Due to lack of financial support, the following projects are currently at risk with several newly created projects (*) that need donations in order to become offered each year.

4th - 6th Grade (Cloverleaf)

Fresh Water Fish and Shellfish
Geology
Herpetology
Historic Places and Events*
Outdoor Survival Skills

Funding Need

\$300 Annual/\$10,000 Lifetime Endowment Each

Arts
Marine Science
Performing Arts - Piano*

Funding Need

\$300 Annual/\$10,000 Lifetime Endowment Each

To help us ensure that youth across the state are able to explore areas of interest that will help them develop into future leaders of their community, you can become a patron of one or more projects by making a donation directly to any of these projects.

To learn how to contribute to Project Achievement, contact Jordan DeRosa, Development Coordinator at 706-542-3262 or jordan.derosa@uga.edu.
