

# 4-H Project Achievement

Project Achievement is a cornerstone of Georgia 4-H that provides youth between 4<sup>th</sup> and 12<sup>th</sup> grades structured opportunities to research and explore a wide variety of interests. From classroom participation in home counties, to district and state levels of competition, Project Achievement touches the lives of more than 85,000 club members annually. Each of these areas of interest is called a "project" and requires certain levels of funding to be offered each year.

This page is currently being updated with expanded levels and giving opportunities. There are a number of ways to participate in our project needs; if you are interested in assisting in this way, please contact Libby Shepherd at [libby989@uga.edu](mailto:libby989@uga.edu) or 706-583-0564
