

Project Achievement

Each year, thousands of Georgia 4-H members participate in Project Achievement, exploring their interests in over fifty diverse content areas. The pinnacle of this cornerstone program is State 4-H Congress, where the very best in each category from across the state compete to become a Master 4-H'er. Your gift helps thousands of young people learn communication skills, resume-building, and other vital life skills that prepare them to thrive in the future workforce. On behalf of over 170,000 4-H youth, we thank you for your generosity.

- Textiles, Merchandising, and Interiors

High school youth who have been named state winners in Project Achievement are eligible to compete again in a new project within another content area, assuming grade eligibility. The new project must be presented in a new project content area. The new presentation must be the original work of the 4-H'er and not an altered previous state-winning presentation. Content areas include Agriculture and Science, Civic Engagement, and Health and Wellness.

UNIVERSITY OF GEORGIA
EXTENSION

University of Georgia is an Equal Opportunity, Affirmative Action, Veteran, Disability Institution. If you need a reasonable accommodation or language access services, contact your County Extension office at least three weeks prior to the program date.
